## PRESS RELEASE 2. TPM in Athens, Greece.

We are very happy to tell you on the **21st and 22nd of September**, the FEMST project partners from Spain, Greece, Cyprus, Portugal and the Netherlands had the opportunity to meet in person in Athens, Greece, thanks to **AKMI International** for welcoming us so well and for the visit!

### What happened in this meeting?

During this second transnational meeting, participants had the opportunity to **review and discuss the progress** of the ongoing work packages. Each partner shared their progress and challenges, which allowed for the identification of opportunities for improvement and collaboration. **Collaboration** is a key element in this project, as the diversity of approaches and experiences enriches the final outcome. The project work was not limited to meeting sessions. Participants also had the opportunity to explore Athens, a city rich in history and culture.

We will meet again in **October 2024** for our third and last transnational meeting in **Eindhoven**. Until that, stay tuned for our news on the project. Don't forget to visit our website and follow us on social media so you don't miss anything!
